

Missionary Object Lessons

FOR

*Primary Departments of Sunday-schools,
Junior Societies and Mission Bands.*

¶ The very best material in the life and literature of home and foreign missions is now being made available for use in teaching children under nine years of age.

¶ The story method enables the teachers to utilize the customs of strange peoples living in strange lands as the background for teaching a missionary lesson.

¶ Pictures always delight children. They never tire of hearing stories and seeing pictures of other children.

¶ Objects add concreteness to the material of the story.

Missionary Object Lessons for Children

AFRICA

This outfit contains the following :

1. A charming story of Shobo and Selina, an African boy and girl. A manual with full directions for the teacher.
2. Two African dolls,—boy and girl.
